

Ready to Spark Engagement AND Win Early Literacy?

The alligator is big.

Kids LOVE animals!
We make reading and math an adventure!

**Visit us at
Alive Studios Zoo**

**Supplemental Instruction
For Pre-K to 2nd grade**

Classroom Learning Kits

“By bringing animals to life with interactive 3D Augmented Reality, we help educators create novel learning experiences that naturally increase student engagement and improve retention and recall, leading to significant wins in early literacy and math.”

Cynthia | CEO

Letters alive®

Letters alive® is a brain-based classroom resource developed with one goal in mind... to increase student engagement and build solid literacy foundations.

- Background Knowledge
- Speaking and Listening
- Vocabulary
- Phonemic Awareness
- Phonics
- Fluency
- Comprehension
- Character Building
- Flexible Lesson Plans for Explicit / Systematic Instruction

No internet - No subscriptions - No data collection

Math alive®

Math alive® is a highly-engaging, interactive resource for teaching foundational math skills. It combines hands-on, play and skill-based math activities with 3D numbers, animals, and shapes to help little learners make math connections.

- Numbers & Number Sense
- Computation
- Data & Probability
- Patterns
- Geometry
- Measurement
- Flexible Lesson Plans for Explicit / Systematic Instruction

INTERACTIVE ZOO PANEL

A Learning Experience for Early Literacy and Math

"My students are now eager to explore letter sounds, animals, and sentence building. Teaching early literacy has never been this rewarding!"

~ Mr. Jay | Pre-K Teacher

Tired of wrestling with technology?

Our all-in-one, 55" Android touch panel, preloaded with the **Alive Studios Zoo Experience™**, is the simple solution.

Effortlessly capture your students' attention and build crucial early reading and math foundations.

Power it up and start making a difference in your classroom immediately!

Alive Studios Zoo Experience™
