

ENGLISH-SPANISH VOCABULARY SUPPORT CARDS

English-Spanish Vocabulary Support Cards

(Companion to Letters alive®)

Children naturally engage with animals, no matter what language they speak. These English-Spanish Vocabulary Support Cards give teachers simple language support to connect with Spanish-speaking learners while building animal and habitat vocabulary.

As a companion to Letters alive®, each card introduces the animal and the sound it makes as children watch it come to life in realistic 3D. This multisensory experience helps make learning stick while supporting oral language, encouraging communication, and developing meaningful connections. These cards are designed to provide language support.
