POSITION STATEMENT

Letters alive®

Early Literacy | SEL

Letters alive® is a supplemental classroom resource that **brings joy and engagement to early literacy.**

It supports foundational **Science of Reading** skills through explicit, multisensory instruction in phonological awareness, phonemic awareness, phonics, vocabulary, oral language, fluency, and comprehension.

Alive Studios provides an engaging learning experience that **can reach all children** regardless of language, ability, background, or starting point.

Math alive®

Mathematics | STEM

Math alive® is a highly-engaging supplemental resource that builds foundational math skills through hands-on, playful learning and interactive 3D technology, driving engagement and meaningful math connections.

- Numbers & Number Sense
- Computation
- Data & Probability
- Patterns
- Geometry
- Measurement
- Flexible Lesson Plans for Explicit, Systematic Instruction

INTERACTIVE MOBILE PRODUCTS

Journals alive™

Perfect for
the Classroom and
Family Engagement!

Journals alive™ is a FREE mobile app that brings our Letters and Math Student Journals to life. Students love exploring letters, numbers, shapes, and animals, especially in 3D!

- Letter Recognition
- Letter Sounds
- Letter Formation
- Simple Comprehension
- English / Spanish Parent Guides (pdf)
- Number Recognition
- Number Formation
- Number Sense
- More / Less

ABC Stickers alive™

ABC Stickers alive™ was designed for family engagement with discussion questions and activities (in multiple languages) that encourage language and vocabulary while learning their letters, sounds, and letter formation. Animal/letter stickers come alive with the FREE Stickers alive app.

Rugs alive™ Plus

Rugs alive™ Plus is a FREE app that turns our classroom rugs into a magical petting zoo! Each of our 26 animals come to life in your classroom for a collaborative and thrilling zoo adventure!

- Letter Recognition
- Animals / Habitats
- Flexible Seating
- STEM Activities
- Animal / Habitat Fact Sheets

"Mr. Jay" Sturdivant
Pre-K Teacher
Lithonia, Georgia

"The Alive Studios Zoo Learning Experience has been the most rewarding resource for my students! It has helped me get them ready for kindergarten!"

~ Mr. Jay

90-Day Pre-K Case Study Literacy and Math

Pre and Post data collected by ESGI

Below, parents from Mr. Jay's classroom share their perspectives on their children's growth and the specific skills they have gained through this learning experience.

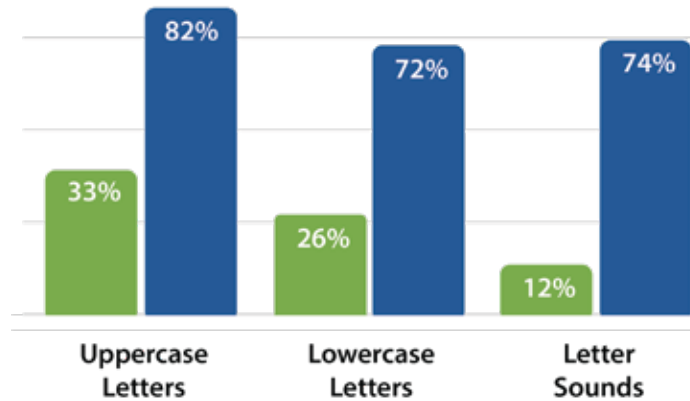

EVIDENCE-BASED AND CLASSROOM-PROVEN!

Wise County Primary – Pre-Kindergarten Letter Sounds / Letter Recognition

"Using the tracing app with their Letter Journals, the children learned letter formation faster than any other class I've worked with."

~ Miss Susie, Pre-K Parapro
